

WHO WE ARE...

WHAT WE DO...

- ♥ We rescue abandoned animals, many of which are just left to die alone, locked in foreclosed homes without food or water.
- ♥ Our pet food bank helps owners who can't afford to feed their pets – *almost 100,000 lbs. of pet food has been distributed in one year.*
- ♥ Our financial aid helps with vet bills for animals in pain when the owner can't afford vet care. *We have spent thousands to help sick animals.*
- ♥ Our adoption programs give pets a second chance at life. We have rescued over 400 pets in just over one year so they have a second chance.
- ♥ Our temporary foster program gives pet owners some time to get situated and find housing while we care for their pet. We have reunited 60 pets with their owners in just under 1 year.
- ♥ ***We are part of the community*** and we are here to help.

This is a difficult time to be an animal in Phoenix. With foreclosures and unemployment on the rise, more innocent pets than ever before are being turned into Animal Control, medically neglected, in need of food, or abandoned in foreclosed homes.

THESE PETS ARE WONDERING WHAT THEY DID WRONG – NOTHING!

YOU CAN HELP TOO! Set up a pet food drive. Be aware of what's happening in your neighborhood. Is there an empty house with a cat in the window? Do you hear a dog in the backyard of a home that looks empty?

VOLUNTEER, DONATE, FOSTER, ADOPT A PET
